Yours truly,

Rufus J. IVEY.

A. D. ROYSTER & BRO. Good work is generally a very great object with those who have either a natural or cultivated taste for neatness, order, &c. When this is combined with Low PRICES we have the very thing we want, for a "dollar saved is a dollar made." The next thing in order after these highly desirable objects are attained is PROMPT EXECUTION, for although the others are valuable within themselves, their worth is considerably enhanced by association with this most important con-comitant. A combination of these three important business principles will be found at the NEWS PRINTING House, Raleigh, N. C., where Job and Ornamental Printing in its various branches is executed. MEETING OF TOWNSHIP TRUSTEES. At a meeting of the Trustees of Raleigh township, held yesterday, the road leading from the Tarboro road along the southern line of Oakwood Cemetery to the city limits, was declared a public highway, and George Taylor, overseer on the said Tarboro road, was assigned as over-ser of said new road, in addition to the road now worked by him.

It was further ordered that George Taylor be forthwith notified of said appointment, and that he be instruc-ted to forthwith put said new road in traveling order. The following members of the board were present: W. Whitaker, J. P.; Handy Lockhart, J. P.; J. P. Prairie, J. P.; O. F. Alston, J. P., and John E. Williams, Township Clerk.

RALEIGH AS A COTTON MARKET.

-The following letter from Messrs.
Williamson, Upchurch & Thomas, of this city, addressed to the Editor of the State Agricultural Journal, will be found of peculiar interest of

the 23d inst: DEAR SIR:-Please pardon us for asking a small space in your valuable paper in order, to some extent at least, to correct a very general mis-apprehension that exists on the part of the farmers, or rather more espe-cially the cotton producers of that section of country that lies contiguous and, say, to within fifty to one hundred miles of Raleigh. We allude to the version or idea formed of Raleigh as a cotton market compared with that of New York or any of the Northern markets, derived from the quotations as given in the newspa-pers of the day. To illustrate: we give the quotations of the New York cotton exchange market report of today. Say, uplands 178, Orleans 18. These quotations are for middling cotton, the former price being for the productions of the more Northern cotton States, the latter price for the extreme Southern States. Now the quotation as given in our dailies, and other papers in the city, of this date, is for low middling (oftentimes no grade given at all) 15% cents, while middling would bring here 165 cents. To one not thoroughly understanding the New York quotations of 17% cents, compared with the Raleigh quotations of 155 cents, would very readily arrive at the conclusion that there was two cents difference or margin between the New York market and that of our own, which would be inviting to ship your cotton North. Now there is really only one cent difference or margin as to grade (and sometimes even less) which we will here explain: The press quotations for uplands (middling) in New York of to-day is 17.621; quotations for low middling Quotations and sales for low middling in the city of Raleigh of to-day is 15.622, thereby showing a difference in favor of New York of only one cent per pound in low middling cotton, when it is a well known and indisputable fact to all those who have tried it (and they are lessening every season) that in ship-ping cotton to New York it cost from 12 to 13 cents per pound [the latter figure oftener, to pay freight, commissions and a host of other expenses, not to speak of loss in weight, etc., and at least 30 days before you

can get returns for sales of your cot-

ton, thereby showing clearly that

Raleigh is your best market, by from

½ to ¾ cent. per pound, which is a difference of \$2.24 to \$3.37½ gain to you

that will be sold in Raleigh during

this season, over what it would have

brought by shipping North. Those

who persist in sending their cotton

North do not participate in this gain,

and of course suffer to the extent of

their shipment. Now these are incontrovertible facts, and as such, is it not clearly to your interest, if not your desire, to ship to our market? If you do not wish to sell, and desire to realize on your cotton, we have ample banking and storing facilities, and a number of good cotton commission merchants to afford you every accommodation needed. We would here remark, that while the banks in New York Baltimore, Petersburg and many other cities suspended during the panic we are just emerging from, there was not one of our four banks that refused to pay every and all demands made upon it. The steadily increasing receipts of cotton at our city is an evident fact that the farmers and shippers of cotton are beginning to find out it is to their manifest interest to ship and sell in our market. We verily believe when the people of Wake, Orange, Alamance, Chatham, Moore, Harnett, Johnston, Franklin, Granville, and the more Eastern counties of our State, find out by actual shipments that it is to their interest to sell in our market, the receipts will soon be 50,000 bales, nay, 100,000 bales during the season, instead of 30,000 to 35,000 bales which is the accepted estimate of receipts for this season. We could say much more in justification of Raleigh as the best cotton market for the people of our State, but fearing we have already trespassed upon your space, we are, Yours most truly,

WILLIAMSON, UPCHURCH & THOMAS, Cotton Factors and General Commission Merchants.

THE NORTH CAROLINA MEDICAL Society.—The next annual meeting of the North Carolina Medical Society, which takes place in the city of Charlotte, commencing May 19th, promises to be one of unusual interest, especially with the medical fraternity. There will be discussions between our most learned physicians on certain matters connected with medical science that will not only interest the medical profession, but everybody interested in the progress of general science. We learn that the Secretary of the Society, Dr. Jas. McKee, of this city, in accordance with the request of the President, Dr. W. A. B. Norcom, of Edenton, has sent out special invitations to the M. D's of our neighboring Virginia and South Carolina sections to be with the Convention at the time, and prominent medical men of Lynchburg, Danville, Richmond, Petersburg and Norfolk, Va., have expressed their intention of being present.

The Secretary has made arrangements with all railroads in the State to pass delegates, reporters and vis-itors to the Convention for one fare both ways; Charlotte accommodations are ample for any emergency in the way of entertainment regardless of numbers, and it is reasonably expected that this will be the largest and most interesting Convention known in the history of the Society.

dent pro tem, during the absence of Dr. Craven, and will, no doubt prove himself worthy of holding such a position.

THE ATLANTIC AND NORTH CAR-OLINA RAILROAD MUDDLE.—Our readers are aware of the various complications resulting from recent at-tempt of certain Directors of the At-lantic and North Carolina Railroad to lease out said to what is known as the Midland Railroad, of which Appleton Oaksmith was the ruling genius, also of the prompt action of Governor Caldwell to "injunct" such proceedings, and his further action in removing from the directory, Stanley, the President, and certain other ringleaders in the lease game. Gov. Caldwell then appointed a new directory who elected R. W. King, President of the road, vice Stanley, but upon application, President Stanley refused to recognize King as President and would not turn over "worth a cent." Whereupon the King party at once instituted legal proceedings before Judge Clarke of the Superior Court, and that officer issued a decree of Court, making Judge Green, of Newbern, receiver of the road and directing him at once to take charge of the same. Yesterday morning a dispatch was received at the Executive office from R. W. King, at Newbern, to the effect that the Atlantic and North Carolina Railroad had been turned over to him as President. From this it seemeth that President Stanley, in chosing the least of the two evils, turned over the road to King—and this is all we know of the Atlantic & North Carolina Rail road muddle.

FURTHER CONSOLIDATION.—The name of Thomas H. Briggs, Esq., having been mentioned as the choice of the Sewing Machine and Insurance Men's Combination as their candidate for Mayor, on yesterday the Lightning Rod men made due applieation and were formerly admitted as a valuable accession to the ranks of this powerful combination, thus forming a consolidation that will undoubtedly carry a large vote on Mon-day next. The Lightning Rod men when asked if they would support the nomination, promptly answered "that's what we come for." This new consolidation forms one of the most powerful parties in the city, and if there is no "branching off" we may reasonably expect a close and exciting P. S.—Since the above was put in

type, we learn that Mr. Briggs posi-tively refused to be a candidate for Mayor, preferring to answer the call of the voters of Western Ward as a candidate for Commissioner. Whereupon a meeting of the new consolidation was called and P. F. Pescud, Sr., was unanimously voted for as their choice for Mayor. In this connection we desire to express our hearty endorsement of the consolidation nomination. Mr. Pescud is one of the oldest citizens of Raleigh, has on several occasions filled the position of a Commissioner, has never been a partizan, closely identified in every way with the interest and prosperity of our city, and by his straight forward, honest and christian deportment will, as the Chief Executive officer of the city, restore the ermine to its former purity. PARADE OF THE COLORED GOOD

TEMPLARS.—The longest procession and the grandest parade we have seen in the city for lo these many days was that of the Grand Lodge of colored Good Templars, now in session in the city. Preceded by Rufe Stanley's Oak City brass band, the body paraded the principal streets of the city, making quite an imposing and pretty show in their regalias, white gloves and Sunday clothes. We were glad to see so many of our colored citizens in the ranks of the temperance army, and sincerely wish them great success in the good work in which they are engaged. The delegation is large, and nearly every section of the State represented.

Poisoning Case in Richmond.-We take the following from the Richmond (Va.) Enquirer of yester-day. Mr. Donnan is the father-inlaw of Mr. Wilson, of this city, the well known Agent for the Singer Sewing Machine. Mr. Wilson's wife and children were in the house at the

time of the sad occurrence: "Sunday evening, between the hours of 3 and 7 o'clock, nine of the household of Mr. Wm. S. Donnan, our well-known hardware merchant, and an invited guest, the Rev. Dr. Pryor, were seized with fearful purging and vomiting, giving every indi-cation of having been poisoned. Phy-sicians were immediately summoned, and by prompt measures and untiring energy fatal results were prevented, and yesterday evening all the parties were out of danger, though during Sunday night it was thought that young Mr. Donnan could not live. On investigation of what had been eaten, it was discovered that there had been cake and custard on the dinner table, and that those who did not partake of either were not affected. The custard was seasoned with oil of lemon, and was made by a member of the family. The cook and other servants on the lot partook of the desert, and all exhibited symptoms of poison. One negro man was not affected until as late as 7 o'clock in the evening. His first symptoms were those of stupor, followed by deathly sickness. All the circumstances place it out of question that the poisoning was inten-tional. Yesterday evening, at the request of Mr. Donnan, the Coroner made a partial analysis of the custard and cake, testing for arsenic, tartar emetic and corrosive sublimate, the poisons that affect as described, but ailed to make any discovery.

CHARGE OF THE SALARY AID.

A LA TENNYSON.

Half a vote, half a vote,
Half a vote onward,
All in the treasury of Sam,
Grabbed three hundred.
'Forward, the Salary Aid!
Charge for the gold," he said;
Into the treasury of Sam
Grabbed the three hundred.

Forward, the Salary Aid!" Was there a man dismayed? Not though the Congress knew Some one had plundered! Their's not to make reply; Their's not to reason why; Their's but to do and lie; Into the treasury of Sam Grabbed the three hundred. Butlers to the right of them.

Butlers to the right of them,
Butlers in the left of them,
Butlers in the midst of them,
Voted, and plundered;
Finished their plot so fell.
Boldly they grabbed, and well—
Into the jaws of Death
Into the mouth of Hell
Grabbed the three hundred Flashed all their purses bare,
Flashed as they turned in air,
Bobbing the bankers there,
Charging a treasury, while
All the world wondered!
Then they came back; but not—
Not the three hundred.

People to the right of them,
People to the left of them,
People around them,
Were robbed and plundered;
They that had grabbed so well,
Came through the jaws of Death,
Back from the mouth of Hell,
All that was left of them— Left of three hundred.

When can their glory fade?
Oh, the mad charge they made!
All the world wondered.
Eorror the grab they made!
Horror the Salary Aid—
Noble three hundred!

The DAILY NEWS is now the only paper in Raleigh that gives every morning the latest markets and other telegraphic reports. The public should note this fact.

The Sixth Judicial District. The members of the Democratic Executive Committee for the Sixth Judicial District are requested to meet in Raleigh on Tuesday, the 2d day of June, 1874. C. M. Cooke, Chm'n.

"RESOLVED, That we earnestly reccommend to the members of the Demoeratic-Conservative party to discourage independent candidates and all other disorganizers, and that all support be promptly withdrawn from every aspirant for office who shall oppose the regular nominees of our conventions."—Resolution adopted by Democratic-Conservative State Executive Committee.

THE report that the Carlists have asked Marshal SERRANO for amnesty is generally discredited.

IT is said that the Internationals of New York have come to the conclusion to disband their organization. A sensible conclusion.

ALBEADY do the temperance people talk about having a prohibition ticket in the field at the next general It may foreshadow a brighter day. election in this State to be held in 1876.

OUR people should bear in mind that all independent candidates, in opposition to regular nominees, are to all intents and purposes working in the interest of Radicalism.

THE telegraph has announced that M. DE LESSEPS has abandoned the increased charges on the Suez Canal, and agreed to the rates prescribed by the International Commission.

It is a fact that nine-tenths of all the prominent white natives of this State who have joined the Republicans are now office-holders, or are aspiring to office. He to whom this does not apply is an exception to the rule.

· the laying of a new cable between which any citizen might be proud; England and the United States. he is a true type of the class of men Every new cable strand across the ocean is another artery of life, activity and friendship between the two countries.

WASHINGTON advices intimate that the inflation Senators on the Administration side of the Senate intend to prepare an address to the people, in which they will strongly condemn the attitude of the President on the financial question. This move will lead to bitter debates in the Republican party upon the floor of Congress.

MORTON and LOGAN, the two most prominent Republican inflationists in the United States Senate, are not disposed to break with GRANT on account of the recent veto, reports to the contrary notwithstanding. They say that while they regret very much his action, they are willing to accord to him patriotic motives, and consequently will not denounce the act.

THE Clinton Reporter, in an able article upon the coming campaign in this State, urges the people of the State having the true interests of North Carolina at heart to buckle on their armor in earnest. It says:

> "A Radical Legislature would again inaugurate the spendthrift system of '68 and '69; more special tax bonds would be issued, and an already overtaxed people would receive the final stroke of bankruptcy and ruin, even if this is not now the case. The only hope for the State to weather the storm, is in the conservative policy of the Democratic party."

ALTHOUGH quiet has been restored in Arkansas and the sword sheathed for the time being between BAXTER and Brooks, the question of Governorship has been by no means settled. BAXTER has called the Legislature to convene at an early day in order to let that body decide who is entitled to the seat. Brooks, it seems. is not altogether willing to submit to this mode, as he fears his course has rendered him exceedingly unpopular with the good people of his State, while to the contrary BAXTER has won the good opinion of the public. The Federal Government will not interfere except to prevent bloodshed, and thus the issue must be fought out by legislative means.

THE British House of Commons was the scene of a little excitement a few days since. Certain members who felt aggrieved by the sudden dissolution of the last Parliament introduced a resolution censuring the GLADSTONE Adminstration for its of the resolution, Mr. SMOLLET, made a speech in which he went so far as to apply the word "trickster" to Mr. GLADSTONE. The answer of the ex-Premier was creditable to himself, and saved the reputation of the House. He challenged a repetition of the fused charged Mr. SMOLLET with what claim has Jones upon the good lack of decency and manliness. The citizens of Raleigh?

THE Salisbury Watchman says the name of Hon. BURTON CRAIGE has been prominently mentioned in connection with the Senatorship from

that District. Says the Watchman: "Without desiring to throw a damper on the aspirations of other gentlemen, we will take the liberty to say that a gentleman of Mr. Craige's ability and experience would be a great addition to our legislative body. We are sadly in need of the services of just such men.',

THE Charlotte Democrat makes the following significant suggestion: "It is every day becoming more apparent that bere in North Carolina the white people will have to do as they did in Virginia at the last State election, organize a white man's party and declare that white men shall rule the State. The issue is being forced on the whites by the colored people themselves, and it is being forced on those who have been and are really their true and best friends, but in whom the colored man seem to place no political confidence

We are in favor of according to the colored man all necessary rights, but not as provided in the blood-letting Civil Rights Bill proposed by old Sumner. We shall always favor the rule of white men as the best means to promote the material interests of both black and white citizens."

WE are glad to see by the news from Washington, says the Richmond Dispatch, that the oppressions of the people of South Carolina are making some impression. It would be a poor commentary upon human nature if such sufferings as theirs failed to excite sympathy in any civilized community. We think better of Washington for this news, and trust that it may be true. It is a bit of sunshine in a murky and angry sky. And why not? Is there no tie between the white men in the North and the white men in the South? If there is not enough humanity in the nation to excite sympathy in the hearts of the whites for sorrows such as those of South Carolina, commend us to savages as a better phase of hu-

A Test of Reform.

It will be seen by reference to our advertising columns, that THOMAS H. Briggs has announced himself an independent candidate for Commissioner in the Western Ward. There is no man in the city better qualified for a seat in the Board, and the vote that he receives will be a pretty accurate test of the number of reformers in the Ward. An honorable, intelligent man, who has won for him-THE Herald is rejoiced to announce | self a position in the community of who ought to be the city rulers.

Voters of the Western Ward! You have now a candidate who deserves your energetic support. His prospect of election, though not as brilliant as we could desire, is by no means desperate. Work for him, talk for him, vote for him. If there is one honest man in the Ward who can not find a place for him somewhere, on a ticket with GORMAN, JONES and O'NEAL, send us his name and he shall have one special notice free.

Our Proposed City Rulers. We are heartily sick of the cant and hypocrisy, the loud-mouthed professions of honesty, the selfish greed for office, showing through the thin disguise of sham patriotism. which for the past few weeks has marked the winning faction of the Republican party in this city. We shall not be delivered from it even upon Monday next, for the county "reformers" will redouble the din and make the welkin ring with their cries of "Unload." The meaning of 'unload" is clear: "Put somebody else out and put me in!" It is somewhat unfortunate for the safety of the municipal vehicle, which has been unloaded, that the load taken up in the place of that thrown out is vastly harder to carry than the first. Like Rehoboam's little finger, it will be thicker than his father's loins. We have heretofore enquired into the claims the Republican nominee for Mayor had upon the white men of Raleigh, and we shall now briefly examine the proposed Board of Commissioners. Of Reformer GORMAN it is necessary to say but little. His record, from his expedition to unload HENRY BERRY LOWERY, up to his unwarranted attempt to break up a meeting of citizens who were really anxious to see a creditable government, is familiar to everybody in Raleigh. The reform faction did not | Life Insurance Company, favor Gorman (that much, at least, is in his favor) and denounced him as one of the Ring candidates. Reformer Jones is also a member of

the present Board. Has he ever protested against their outrageous extravagance? Has he been a faithful guardian of the plundered City Treasury? Now, Jones is a respectable negro; he has not been rewarded over much, and desires to go to the Legislature. His occupation is to sit at the door of the Court Room and keep it shut during the sessions of the Court. True, a weight and a string would do the same, but Jones had worked for the "party" and therefore the "party" conduct in the matter. The mover | must make Democratic tax payers pay him for it. What claim has he,a member of the Board proposed to be unloaded, who has done the city no service, who has remained silent while the taxes were increased and the debt multiplied, who was also upon the "Ring" slate and who defended the insulting epithet, and this being re- old Board in public meeting, we ask

we may place him and H. M. MILLER in the same category. They are pupils from the reform school of the U. S. Marshal. It is our candid opinion that there has been more bribery, more intimidation, more corrupt use of money to influence elections in the Marshal's office and its dependencies, than in any other department, State or national. We allude chiefly to the old Marshal under whose instructions these reformers grew. They have made no public record and into their private life we will not inquire. Is it wise, however, to trust as a reformer a man against whom a serious indictment is yet pending, for an offence alleged to have been committed while an officer? Is it advisable to trust to the official purity of these men, fresh from the very hot-bed of political corrup-

Reformer Ellison is a member of the present board and was voted for by the friends of the ring. He has, like Jones, done nothing for the good of the city, has cursed us with a horde of inefficient policemen, and is responsible for his full share of the city's misgovernment. Shall we unload by keeping in Ellison? A partisan in the Legislature, a partisan Commissioner, who is attempting to run both with the ring faction and the reform faction-any white man who votes for him will live to repent

Reformer CLAWSON, he of the large hat, is seeking an election in the Middle Ward. To do him justice, CLAWSON does not pretend to be a reformer. He stands by his past record and his services to the party last year, when by running as an independent candidate, he succeeded in defeating the white candidates and was rewarded with UPCHURCH's vacant chair. But we will not be troubled with CLAWSON any more, and so let us trouble him not.

And, finally, we reach the juvenile unloader, HUNTER, the favorite of the colored Good Templars. He is connected with the Freedman's Savings

We had confounded Reformer HUNTER with his brother, O. HUN-TER, Jr., and had prepared a statement of the dismissal of the latter from the colored asylum for serious offences. But it makes but little difference, OSBORNE and CHARLES, either or both, a pretty pair of negro boys to place in charge of the important interests of the city of Raleigh. "These be your Gods, O Israel!"

If there be any man in the city who calls himself an honest man, especially, if there be any one who hopes for a respectable city government, and is willing to trust any one of these men, he may expect to "gather grapes of thorns, and figs of thistles.' We havn't exhausted the subject, but we pause for breath.

The war in Spain, like the war in Cuba and in all Spanish countries, is interminable. Queen Isabella was deposed in June, 1868, and with no more prospect of an early termination than five years ago. The Carlists are stronger now than they have been since the contest begun, and the Government seems powerless to subdue them. The fact is, Spain is only fit for an absolute despotism or an oligarchy. That is the only form of government for which the people have any respect. The result is that civil war in Spain always descends to brigandage, the "troops" fighting on the side which pays best or permits the greater license. The wars in Spain, forty years ago, over the Carlist succession, became so atrociously inhuman, that civilization was at last aroused, and the nations of Europe had to bring it to a conclusion by force. WASHINGTON, April 28,-The following dispatch was received here

to-day: LITTLE ROCK, ARK., April 27.

To U. S. Grant, President: On the 19th day of this month, as Governor of this State, I telegraphed you that there was an armed insurrection against the legal Government of this State, and made a requisition upon you for aid to suppress it and to prevent domestic violence. I have just now been advised that you never received the requisition. I now take occasion to say that an armed insurrection exists in this State against the lawfully constituted authority thereof, and as the Legislature cannot meet until the 11th day of May, I call upon you for aid to protect the State against domestic violence.

E. BAXTER, Gov. of Arkansas. A similar call had previously been received from Brooks, claiming to be Governor, and two attorneys in his behalf reached here yesterday to urge a compliance with the call. Two attorneys despatched by Baxter will soon arrive on a like errand in his

interest. The question as to who is the actual Governor will be presented to the President for decision, unless some other mode of settlement shall intervene, before the matter is formally taken up for Executive consider-

The National Grange Heard From -Congressional News-The Cur-rency Veto Sustained-Disabilities of Confederate Officers Removed,

WASHINGTON, April 28.—The President has proclaimed the ratification of the extradation treaty with Salva-

The new postal treaty has been signed. There was an unimportant Cabinet

meeting. Nominations .- James Brougham, Surveyor of Customs at Velasco, Texas; John Detrick, Postmaster at

Calvert, Texas. To H. W. L. Lewis, Master of the State Grange of Louisiana:

By order of the Executive Committee I send you by express to-night one thousand dollars, for the benefit of our suffering members of our order in Louisiana. O. K. KELLEY, (Signed,)

Secretary of National Grange. House.—The Judiciary Committee to-day adopted the majority report of the sub-committee against the prayer of South Carolina memorialists. This report will be submitted to the House at the earliest possible moment. It was referred back and printed for the purpose of giving Eldridge an opportunity to make a minority report, which will recom-mend a commission to investigate the

condition of South Carolina. Mr. Sloan appeared before the Committee on River and Harbor Fortifications to-day, and succeeded in getting an additional appropriation for the Savannah river obstructions, and for a survey of the Raiford

water line. The disabilities of Gen. Henry H. Sibley, of Sibley tent notoriety, were

removed to-day. Col. Frank Reynolds, of the army of the Khedive, is en route to the United States on a special mission.

SENATE—The Judiciary Committee

reported adversely to many disability bills, on the ground that no petition accompanied them, and also favorably on a number including Fitzhugh Lee and Dabney H. Maurey. A long controversy occurred over the veto vote, whether the bill should pass notwithstanding the veto. The vote stood 30 to 24, not two-thirds, and the bill was lost. Adjourned.

Edmonds, of Vt., from the Judiciary Committee, reported favorably on bills to remove the political disabilities of H. H. Sibley, Thomas M. Jones, Dabney H. Maurey, Van R. Morgare, Fitzhugh Lee, of Virginia, John Julius Guthrie, of N. C., Wm. G. Jones, of Ala., and C. D. Ander-son, of Texas, all of which were placed on the calendar. He also reported unfavorably on bills to relieve the political disabilities of J. W. Bennett, of Md., John Forsythe, of Ala., George Pickett, of Va., David A. Telfair, of N. C., and Rophel Semmes, of Ala. Most of these bills did not have the necessary petitions from the parties named, and the latter one the Committee was not disposed to consider favorably any how. The

committee were discharged from their further consideration. The House Committee on Ways mar 12-eod till may 1

and Means was instructed to inquier whether the officer of New York Custom House visited Washington to

secure corrupt legislature. The legislative appropriation bill was passed. The admentment to it striking out the items for the Assay office at Charlotte, N. C., was not agreed to in the House, so the items

The Irish Volunteers from Augusta, the Irish Jasper Greens from Savannah, with religious societies from both cities and delegations from Atlanta and Columbus, will be present to take part in the ceremonies.

CHARLESTON, April 28.—There was a heavy run on the Freedmen's Savings Bank here to-day. At first deposits were paid in full, but as the run continued the bank paid the latter twenty per cent. of deposits and requested sixty day's notice for the balance. FEAR IN CONSEQUENCE THEREOF!!

This exceedingly popular medicine has been tried in more than five thousand cases, and has never been known to fall in a single instance. This preparation; is particularly adapted to the Ague and Fever so prevalent in the malarial districts of the Southern States. Is There No Remedy? I say THERE IS! When the people are informed that I have just returned from New York with the largest and mest attractive stock of Gentlemens' Wear of every description, and are prepared to furnish to order guaranteed to fit at a lower price than heretofore offered, there is reason to believe that the prevalent in the malarial districts of the southern States.

The great succeriority of this preparation above others of the same kind is, that it contains no Mineral whatever, nor any ingredient the least injurious, and it has a wide reputation in the Eastern portion of North Carolina, where it has been extensively used for the last twenty years.
